For four decades, J&E Grill

has been helping people create the barns of their dreams with their quality handcrafted doors, grills and accessories. From the moment people contact us, they realize the difference in customer service.

J&E has been walking through the process of customizing quality products for three generations. We have achieved a reputation for quality at an affordable price.

To help people come up with solutions for their barns that our customers have not thought about before that makes their barns even better is great. Our whole team is involved in the process and constant ideas and improvements.

From New York to California, Florida to Washington, J&E Grill has helped thousands of people with their horse barn supplies all across the United States. We offer sliding barn doors to entry gates to Dutch doors and so much more. We look forward to providing the same quality products and service to all we are blessed to work with. How can we help you today to create the barn of your dreams?

"I just wanted to tell you how thrilled I am with my custom stall doors. You made it easy for me to order exactly what I wanted and they are AMAZING! They are just what I expected; they are beautifully crafted, high quality doors. I had shopped around before I found J&E. I couldn't be happier! It's amazing what a beautiful new stall door (and a coat of paint!) can do for a barn! I wouldn't go to anyone else!"

— C. Johnson, Santa Ynez, CA

"Some women plan their wedding since they were little girls. For me I've been planning my dream barn. The Dutch stall doors I ordered from you will make that dream a reality. They are so beautiful and just elevate my barn to something special. J & E Grill was fabulous to work with, and they really care about customer service. That was evident when the owner of the company himself drove to upstate New York to deliver and unload my order."

— Elizabeth Marks, New York
